This short film starts with a tribute to five lost souls:

Anthony DeGregorio: A real person who was Assistant Set Construction Foreman making Phase II episodes

John Olson: A real person who was part of the Grip & Electric team at the Phase II studios

Lt. R.L. Dickerson: A fictional character who was chief of security in the TOS episode "The Savage Curtain" and killed in the opening sequence of Enemy Starfleet (played by Charles Miller II).

Lt. Mikhail Hodel: A fictional character (played by Nick Cook) who was an engineer and eaten by bloodworms in Blood and Fire.

Lt. Alexander Freemann: A fictional character (played by Evan Fowler) who was the medical technician and boyfriend of Ensign Peter Kirk in Blood and Fire.

This film also signifies a new beginning for *Star Trek New Voyages: Phase II* introducing Brian Gross as Capt. Kirk, Jasmine Pierce as Uhura, Wayne Johnson as Ensign Dawson Walking Bear and Chris Doohan as the voice of the animated Lt. Arax.

It also introduces the newly refitted USS Enterprise in the form of a new CGI model made by Tobias Richter of The Light Works, based in Cologne, Germany. Tobias rebuilt the model of the Enterprise from scratch based on the TOS model, yet with new pylons, nacelles and a few modifications (photons tubes, airlock).
